

## **EXCELSIA**

A Celebration of Ideas and Expression

**Excelsia – A Celebration of Ideas and Expression** is the festival of Saint John's Academy, envisioned as a platform for students to showcase their abilities, exchange perspectives, and gain meaningful exposure. It encourages creativity, critical thinking, and collaboration through a wide range of activities. By fostering participation and healthy competition, Excelsia provides young minds with an opportunity to learn beyond the classroom and celebrate the spirit of togetherness.

## **Message from the Directors**

It gives us immense joy to see Saint John's Academy enter yet another milestone with the launch of **Excelsia – A Celebration of Ideas and Expression**. Over the years, our endeavour has always been to create opportunities where young minds can explore, innovate, and grow beyond the boundaries of the classroom.

Education, in its truest sense, is not confined to textbooks or examinations; it is the process of nurturing curiosity, encouraging creativity, and building confidence to face the challenges of tomorrow. Platforms such as Excelsia provide students with the opportunity to showcase their talents, collaborate with peers from different institutions, and learn the invaluable lessons of teamwork, discipline, and perseverance.

We welcome all participating schools and their students, and we are confident that the experiences gained here will remain with them as cherished memories, inspiring them to strive for excellence in every sphere of life.

We extend our best wishes to all the participants. May Excelsia be a source of joy, discovery, and lifelong learning.

**Mr. & Mrs. C.V. Innes**

Directors

Saint John's Academy

## **Message from the Principal**

“Education is not the learning of facts, but the training of the mind to think.” — Albert Einstein

It gives me immense pleasure to welcome you all to **Excelsia – A Celebration of Ideas and Expression**. True to its name, Excelsia reflects the spirit of excellence, imagination, and expression. Through this event, we aspire to provide students with a platform to think critically, articulate clearly, and engage meaningfully in the exchange of ideas.

Co-curricular competitions like these are an integral part of education. They nurture intellectual growth, leadership qualities, resilience, and empathy — skills that are vital for an all-round personality. When students debate, discuss, create, or collaborate, they not only discover their own potential but also learn to respect diverse viewpoints and talents.

We hope Excelsia becomes more than just a competition — that it inspires every participant to persevere, innovate, and shine in their own unique way. With enthusiasm, talent, and determination, the youth can truly shape a brighter tomorrow.

I warmly invite all the participating schools to join us in this celebration, and I wish every student success, learning, and joy in the days ahead.

**Dr. Zareen F. Rizvi**

Principal

Saint John's Academy
